

Distinguished Members of the Environmental Committee: I am writing in support of H.B 5080. Connecticut's Sunday hunting ban is simply an antiquated blue law that needs to be repealed.

Simply put, the economic loss to the state and local communities is simply too important to continue to allow no Sunday hunting. As a nonresident hunter, my family and I enjoy visiting the state weekly which includes eating out for dinner, buying fuel and supplies or even making a trip to Cabelas as part of the day. We would visit more often if Sunday hunting was allowed.....

To remove the economic gain is simply closed minded and anti growth.

Thank you,
